HANDY INFO.

FILLINGS

DUMMY CAKES: If you would like a multi-tiered cake but only have a small number of guest attending or a limited budget, we are able to incorporate "dummy cakes" into the overall look. These are traditionally made out of polystyrene foam which are then covered in fondant and decorated along with the rest of the cake providing a seamless and beautiful appearance.

DOWELS: Dowel rods are used to provide support to multi-tiered cakes. They are generally made out of wood or plastic and are inserted into the cake to enable another tier to be placed over the top. The dowel is crucial in stopping the top cake from sinking into the cake below.

FRESH FLOWERS: Fresh flowers make a gorgeous addition to any cake. We work with an amazing florist who can provide your choice in flowers to match the theme of your day. Remember, some flowers are toxic and can obviously not be placed on a cake. Flowers are also seasonal so be sure investigate the availability of the type of flowers you would like.

DELIVERY AND SETUP: Cakeit4U is able to deliver your cake to any venue from Byron Bay to the Sunshine Coast. Delivery and set up fees are dependant on the location and set up involved and can be quoted along with the cake. Please be aware that we take every precaution necessary to deliver your cake in perfect condition and on time, however in the event of an accident or traffic delays where the cake may get damaged and needs to be repaired or replaced, Cakeit4U will not be held liable.

We will set up your cake at your desired area and we ask that you please ensure your venue has a heavy and sturdy table on which to place your cake. Cakeit4U will not be held responsible for any damage that may occur to the cake after completion of delivery and setup at your venue, .

PICK UP: If you wish to pick up your cake or have someone pick it up for you, please be aware that you assume all liability and responsibility of the cake once it leaves Cakeit4U. We can provide you with information on how best to transport your cake to ensure it arrives safely.

CAKE STORAGE: If your cake needs to be stored prior to the event, remember that fondant covered cakes should not be stored in the fridge. Once removed from a fridge, it will begin to sweat and any sugar flowers or decorations will be unable to hold their shape. A buttercream covered cake can be stored in the fridge. All of our cakes are made fresh and will last up to a few days without refrigeration.

SECURING YOUR DATE: When confirming your cake booking, a 20% non refundable deposit is required to secure the date. The balance is payable two weeks prior to your event. Any cancellations received within this time will be non refundable.

HIRING OF STANDS: Cakeit4U is able to provide the hire of cake stands for your cake. A fee applies for the hire and is dependant on the size and type of stand required.
